## 1. Preamble

The National Education Policy 2020-(NEP-2020) views that the purpose of the education system is to develop good human beings capable of rational thought and action, possessing compassion and empathy, courage and resilience, scientific temper and creative imagination, with sound ethical moorings and values. It aims at producing engaged, productive, and contributing citizens for building an equitable, inclusive, and plural society as envisaged by our Constitution. The NEP-2020 envisions promoting quality research in higher education and to ensure quality education by higher education institutions (HEIs), research and innovation are two inherently important aspects. The societal needs of our country can only be addressed by having a strong knowledge, skills, value and research- oriented vibrant higher education ecosystem for sustainable development.

In accordance with the NEP-2020 and UGC Guidelines, Indira Gandhi University, Meerpur framed a new student-centric “Curriculum and Credit Framework for Undergraduate Programmes” and “Curriculum and Credit Framework for Postgraduate Programmes” incorporating a flexible choice-based credit system, multiple entry and exit options, and a multidisciplinary approach with internship as integral and essential component. A prime aspect of the internship is induction into actual work situations.

## 2. Objectives

An internship is gaining first-hand experience by an individual besides comprehending the way of working in an organization, leading to improve the skill aptitude for a specific job or job role and building research capabilities with learning opportunities. Internships should be such organized that benefits the intern as well as the internship providing organization. Following are the intended objectives of engaging undergraduate students in internship for employability and research internship programmes:

1. **Integration of workshop with workplace:** To see the internship in a broader, integrated and holistic manner where the delivery of the classroom is aligned with outcomes of the workplace.
